

STEPHEN MORGAN MP

HOUSE OF COMMONS  
LONDON SW1A 0AA

23 May 2020

Dear fellow resident,

## **We must carry on keeping our community safe**

**Efforts in every community in Portsmouth to tackle the Covid-19 crisis have been outstanding. People across our city have made immense sacrifices in keeping to national guidelines.**

The last few weeks have been tough for everyone. Restrictions on the things we've taken for granted. Unable to visit friends. Missing loved ones. The lockdown imposed upon us has not been easy for anyone.

Yet almost overnight, Portsmouth people have done their bit for the NHS and social care and helped flatten the coronavirus curve. This has saved lives, reduced pressure on those on the frontline fighting coronavirus and kept our community safe.

As we approach another sunny Bank Holiday, we must redouble these efforts. If we fall at the last hurdle, we could face months more social distancing measures and run the risk of harm to our loved ones.

From nurses to care workers, the message couldn't be clearer, help us to help you, by respecting the restrictions in place to save lives.

**This weekend my plea to every single constituent is this. Let's not throw away what we've done for Portsmouth so far.**

A handwritten signature in blue ink, reading 'Stephen Morgan', with a horizontal line underneath.

**Stephen Morgan MP**

**Member of Parliament for Portsmouth South**
